

- **2 x Behaviour Analyst (Program Coordinator) - Brisbane**
- **3 x Behaviour Therapist (Program Manager) – Toowoomba, Bundaberg, Brisbane**

AEIOU Foundation is one of Australia's leading providers of early intervention for children with autism who are aged 2-6 years. Our evidence-based service supports children to develop essential life skills, fostering greater independence, confidence and inclusion.

The full-time service is delivered by a transdisciplinary team comprised of behaviour therapists, speech pathologists, occupational therapists, teachers and educators.

AEIOU supports more than 220 children each year, across ten centres in Qld and SA. AEIOU is a profit-for-purpose organisation established in 2005 to provide the most affordable and effective autism-specific early intervention and family support in Australia.

**Behaviour Analyst (Program Coordinator)** – you will be responsible for the clinical supervision of therapy staff across all AEIOU services and will ensure the education and training of the staff, provide advice and support to enable them to meet therapy strategies and goals.

**Behaviour Therapist (Program Manager)** - you will be responsible for the clinical supervision, education and training of all centre staff including behaviour therapists, occupational therapists, speech pathologists, teachers and learning facilitators.

The successful candidate is ideally a Board Certified Behaviour Analyst (BCBA), however, candidates who have completed a Masters in Applied Behaviour Analysis or who are studying towards their BCBA qualifications. Board Certified Assistant Behaviour Analyst (BCaBA) will be considered.
